HOLGATE HEADLINES

Autumn 2 Week 4

Parking

Please be reminded that you should not be using the staff and visitors car park unless you have a permit.

Our CCTV has alerted us to an alarming increase in the number of unauthorised cars. Also, many of our Blue Badge holders have been unable to park as a result.

Please either use the drop off zone or park away from school and walk the short distance to the playground. Also, please ensure that you park considerably towards our neighbours on High Leys Road, Annie's Close and Fox Meadow.

Once again we have had reported cases of head lice in school. Please take the time to check your child's hair and, if necessary, treat accordingly. Did you know that you can get head lice treatment for free from some community pharmacies? Ask at the office for a flyer,

A Week in the Life of 1RW

It has been a very exciting week for 1RW. Mrs Barnett has returned to school and we have missed her very much! We have enjoyed making her feel welcomed back by making signs and cards for her during choosing time. On Monday, we found some footprints in our classroom so this week Miss Webster read us a story about Mr Wolf following footprints in the snow to find a new friend. We took it in turns to re-tell the story and sequenced some pictures from the story in our English books. We were all very good at remembering all the animals Mr Wolf met on his journey. In Maths, we learned lots of new words that we can use to compare numbers including: more than, less than, greater, smaller, and fewer. Be sure to ask us to tell you what they mean. In the afternoons, we have a new way of answering the register, we now answer with an adjective to help us think of new words we can use in our writing. Our most interesting adjectives we have thought of so far are 'sparkly' and 'rectangular'. After register we have topic. We enjoyed learning about the geographical differences between Nottinghamshire and Antarctica. Did you know that penguins live there because there is lots of water full of fish for them to eat? In all the excitement, there was just enough time for us to practice our songs for our Christmas play with our friends in 1OB before home time. We are sounding really good and can't wait to perform them for you!

Attendance

Our whole School Attendance is currently 94.21%. Our school target is 97% attendance, as this is what the government set schools to achieve, so please help us get there! Remember, each day there are 2 registers, each one counts towards your child's attendance. If appointments must be taken during school time, please ensure these are around registration times so that your child's attendance is not compromised. Absences where parents have removed their children from education for the purpose of a holiday may result in a Local Authority *penalty notice or prosecution*.
