# HOLGATE NURSERY NEWS

## NEWSLETTER

### Our First Forest Schools Session of This School Year!

Last week the children in Nursery had a fantastic time at Forest Schools. We arrived to find that during the windy weather one of the trees had fallen down onto the top playground and the children were amazed to see such a huge tree on the ground.

We had fun walking and looking around the tree and looking at its roots. We were all amazed at how deep the hole was underneath the tree!

Some of the children enjoyed climbing the tree trunk and branches. We were very impressed with their climbing and balancing skills!

### Our Family Topic

This week the children have enjoyed talking about their families and learning about those people who live at home with their friends. We have enjoyed looking at those photos that have been sent in (thank you for your support of our topic) and have loved exploring how families can be similar and different. If you want to continue any of this learning at home with your child/ren, then please enjoy time talking about grandparents and perhaps exploring how your family is special. You could even paint some family portraits or do some family pictures to send in and share for our topic

### 50p donations

We continue to ask for donations of 50p per week to go into the Nursery treasure chest for materials such as flour, food colouring and baking ingredients. We ask that donations are sent in with the children during the week or handed to the Nursery adult on the door at the end of each session. Thank you in advance for any donations.
